The action of the park board last night in deciding to select additional localities for picnic grounds is in line with the desires of the public and the wish of the poard to do everything possible o make the park attractive to all persons who conduct themselves in a proper manner. The board has been somewhat discouraged Invalides. in the past by wanton vandalism and carelessness. It is not very quieting for the nerves of a busy superintendent, who has really more work than his men can do, to find the litter left by a careless picnic party requiring half a day's labor on the part of men em-

ployed for other purposes. It is the earnest hope of the park for picnic purposes will remeans to listen courteously to all able conditions.

Murphy Drives a Dort

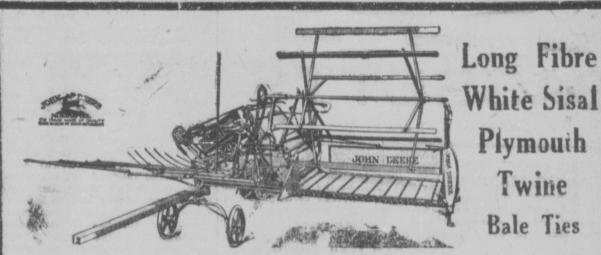

JAMES S. MURPHY, the man who not only won the Indianapolis 500 miles annual classic on Memorial Day, but smashed into smithereens all previous records. DRIVES A DORT.

A short time ago Murphy rode in a Dort Sedan from Fresno to Oakland, a distance of 168 miles. He was accompanied by Joe Thomas and Eddie Hearne, the latter the same driver who ran a good third to Murphy in the Indianapolis race. Murphy was so pleased with the Dort that he wrote a letter to the company, concluding with these words: "This car has capabilities far greater than I realized could be found in a car of its price class. It is a surprisingly consistent and dependable performer."

About a week ago the Dort beat all cars listing under \$900 in the Los Angeles-Yosemite Reliability and Economy run.

Reasons Why the John Deere is the Better Binder

All of the working parts are more accurately and substantially made.

The working parts of the binder head are cut steel, case hardened. The one piece steel platform is riveted to angle bars front and read with four

angle steel cross bars. All main bearings are roller bearing, self aligning.

The bull wheel is heavier, wider and higher.

Has three packers, one of which reaches higher after the butte of grain, thus saving grain.

The truck is much stronger, having trussed steel stub tongue, flexible axle and is quick turn.

The bundle carrier is very strong, being a new type that does not scatter bundles and works very easy for the operator.

The Five-Year-Guarantee Electric Fan FOR BUSINESS

The Emerson is the fan for business, quietly, economically turning the hot spots into cool spots, bringing refreshing breezes into shop, office, store and factory, invigorating the workers and making summer hours pro-

ductive hours. Whether it's a wall fan, an oscillating fan, a big fan or a little fan that your business needs, it is an Emerson; for there is an Emerson fan to suit every condition.

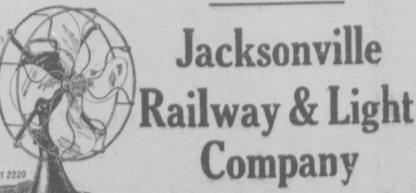

FOR THE HOME

And why not? In winter you have heat in every room. So why not, in summer, keep every room comfortably cool?

And that is why Emerson fans are made in a number of sizes and types. In the bedroom and dining room an oscillating fan, of the proper size, seems best. In the kitchen a non-oscillating fan which can be used to drive the fumes and heat straight out of the window is the proper thing. A small fan as the regular part of the bathroom equipment will brign a world of comfort. All of these fans are portable. They can be carried from room

An Emerson fan uses so little current that you will discover that keeping cool in summer is about the cheapest luxury this old earth affords.

Frank Greer got fourth and fifth on junior steel does. The two judges pronounced Teter's

buck to be the finest specimen they ever saw. The route for the state highway thru Gregory Park has been adjusted without the least alteration from the original survey. A deed for the necessary land has been signed by W. S. Corsa and filed at Carrollton, and also a deed to 0.17 acres has been sign-

ed by William Dumphy and filed. The papers were taken to Carrollton Wednesday by James Pegram, a member of the committee that is handling details of the state road thru White Hall township. The apparent obstacle at this point on the part of these land-owners proved to be merely a phantom shadow when the committee went into formal conference with Mr. Corsa and Mr. Dunphy. Mr. Corsa's attitude was even more conciliating than that represented in these columns last week. The board of supervisors is adjusting the right of way this week thru the farms of C. B. and H. W. BROWNS WITHIN HALF GAME OF LEAD NOW

By Defeating Washington While New York Lost to Detroit St. Louis Team is Near Top-Peculiar Home Run Wins Game.

Browns went to within a game of first place today by defeating Washington 3 to 2 and by virtue of Detroit's 2 to 1 victory over New York. The game was won by peculiar home run by McManus in the fourth with Sisler on base. McManus drove the ball into deep left and taking an unusual bounce the ball leaped the fence. ROBERTS BROTHERS **BOOKED FOR SUNDAY**

Seen Here Again-Big Crowd Should Turn Out to See the

Manager Smith announced yesterday that he had booked the fast Roberts Brothers team of with the Indees for Sunday. The Virden Slavoks had been booked for this date but it was called off when the chance came to book the Roberts team.

This team is one of the fastest playing out of Springfield and one of the best in Central Illinois. The last game they played here there was a dispute over a decision. That the team does not want to win games unfairly was shown when the manager wrote Manager Smith telling him they were mistaken and that the game should have been credited to the Indees. This will further increase the already great populari-

ty of the visitors with local fans. The Indees have had several workouts during the week and Smith announces that several changes will be made for Sunday's game. Roberts Brothers are also said to have some new Two base hits Tobin, Severeid. men in their lineup for this game. Vacation Time--Accident Time

Are you going to take a trip this summer? If so, beware of the accidents. From now on the papers will begin to chronicle the accidents, which will increase in number as the season goes on. Summer time, vacation time, always means more accidents.

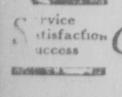

A little, old accident policy costing a very few dollars, will give you a great big amount of satisfaction, in knowing that if something slips up on your blind side, your policy will pay the doctor, the hospital, and maybe the undertaker.

These policies cover any ordinary injury and can be bought for a short term or a long term, to cover your trip. A telephone call will bring you the information you want.
